## Memorandum

**TO :** All Clubs / Riders / Officials

**FROM :** Daniel Gatt

**DATE :** 1<sup>st</sup> April 2007

**SUBJECT :** 1<sup>st</sup> January Age Rule

Riders who have turned 16 but wish to continue competing as a junior for the remainder of that year must still use their Junior Licence even after they turn 16.

A rider who elects to stay as a junior must comply with all rules relating to juniors such as logbooks and training requirements. At any time after the rider has attained an age of 16 they may upgrade to a senior, but in doing so they can no longer compete as a junior regardless of what series they have started.

Any rider with a junior licence is considered a junior regardless of age and can not compete as a senior until they turn 16 and upgrade to a senior licence.

A rider must not compete as a senior on a Junior Licence or a junior on a Senior Licence
