

MNSW NIGHT OF CHAMPIONS

STATE CHAMPS CELEBRATED MY MNSW

New South Wales state champions from every discipline were celebrated in Motorcycling NSW's inaugural Night of Champions event at the Penrith Panthers Pavilion on 29 November.

It was a glamorous night with a list of recognisable people who contribute to the state's motorcycle racing assembled for the evening, including special guests Wayne Gardner, Shawn Giles and Chris Holder.

The night was hosted by radio celebrity Terry Kennedy, with all proceeds donated to the Westmead Children's Hospital. The total raised was \$13,000 as AMCN went to print.

Items up for grabs in a charity auction included a Honda Z50 Monkey bike, a three-bike trailer, signed and framed memorabilia from

Casey Stoner and Chad Reed, as well as a Wayne Gardner replica helmet.

Riders from all of the state's championships were rewarded for their achievements, with disciplines including road racing, dirt track, motocross, enduro, speedway, minikhana, moto trials and track celebrated - totalling a whopping 76 classes presented on the night.

Both junior and senior categories were awarded, with junior speeches proving popular as our stars of tomorrow took to the stage, many for the first time.

There were also officiating and service presentations on the night, capping off a groundbreaking evening to acknowledge the state's many champions.
