### **Sunday Super Motorcycle Only Swap Meet**

Entry to the swap meet is part of your admission ticket, with pre-book sites available at a reduced rate.

### **Camping at Easter**

To help make the 2009 Barry Sheene Festival of Speed the biggest ever, the ARDC & PCRA are working towards providing secure camping at the track. The campsite will be adjacent to turn 12 and can accommodate up to 100 competitors/officials from Thursday to Saturday nights. Competitors will also be able to access the garages at Eastern Creek on Thursday evening to secure their bikes before Friday's practice.

### **Guest Riders**

As part of making the 2009 Barry Sheene Festival of Speed better value for money for the spectators and competitors, a number of international riders from the 70's & 80's will be participating in parade laps during the lunchtime interval on both Saturday & Sunday on very exotic machinery of that era.

### **Admission**

To keep the costs down, the PCRA have kept the same spectator entry fees as 2008. Entry to Friday's practice is free, Saturday is \$15.00 & Sunday \$20.00 Kids (u/13) are free, with Pensioners \$10 both days.

*This meeting is run by the Post Classic Racing Association of NSW, a volunteer, not for profit organisation that donates a percentage of the money raised by this race meeting to charity and invests the rest back into club racing.*
