EASTERN CREEK RACER DAYS LAUNCHED!!!

A MUST FOR ANY RACER, **Eastern Creek Racer Days** allow any MA License holder to participate in open practice sessions with the option of access to industry mentors (factory race team riders and managers) and the California Superbike School program! If you're serious about racing then don't get left on the grid as positions are filling fast for the inaugural Eastern Creek Racer Day on **January 26th 2009** where you can also meet Superbike School guru Keith Code! Click for more info.

Eastern Creek Racer Days

In conjunction with the California Superbike School, we've tailored days to suit the needs of racers (MA License Holders) with...

- Less riders on track
- Open practice sessions
- Advice from industry mentors (Factory Race Team Managers, Riders and Technicians)
- Access to the California Superbike School program

Don't think the Superbike School program works for racers? Wayne Rainey, John Kocinski, Scott Russell, James Toseland, Thomas Luthi and our very own **Chris Vermeulen** would argue otherwise as they've all been trained by us. In fact, the Superbike School has trained more World and National Champions than any other rider training organisation in the world!

Make no mistake; This is a big deal! So big in fact that Superbike School founder Keith Code will be here to launch Eastern Creek Racer Days on January 26th 2009!

With only a selected number of days and positions for 2009, these days are sure to book out fast so make sure you secure your spot!
